Guaranty Bank and Trust

A Colorado Bank

Guaranty Bank and Trust has over 50 years of experience serving the Colorado Front Range. Our focus remains on building strong relationships with our customers and communities by offering a full complement of lending, treasury management, wealth management, and depository services to individuals and businesses in the state of Colorado. Practical advice, personalized solutions and local decision making—exactly what you need from your financial partner.

Portfolio of Services

Business Loans: Offering revolving lines of credit, term loans, letters of credit, owner-occupied real estate loans, and acquisition financing to businesses headquartered predominately in the Rocky Mountain Region.

Real Estate Loans: Offered to real estate investors and developers of residential, retail, office, and industrial properties and businesses looking for interim construction or long-term financing to build, acquire or refinance owner-occupied real estate.

Small Business Administration (SBA) Loans: A designated Preferred Lender by the SBA, Guaranty Bank offers SBA loans that can be used to acquire an existing business, purchase equipment, finance owner-occupied real estate, or provide needed working capital.

Personal Loans: A variety of solutions are available to finance major expenses such as a remodeling project, a new or used vehicle—even a well-deserved vacation.

Treasury Management Solutions: Maximize your organization's cash flow and reduce costs with remote deposit capture, ACH origination, positive pay, wire transfers, merchant card processing, payroll processing, and more.

Wealth Management Services: Providing personalized financial strategies to grow and protect your hard-earned assets.

Private Banking – Your own private banker will provide highly personalized service and a wide selection of banking products from checking and money market accounts to jumbo mortgage loans.

Investment Management – Private Capital Management, a subsidiary of Guaranty Bank and Trust, offers investment management and financial planning solutions to individuals and institutions looking for a high level of customization and personal service.

Trust and Estate Management – Professional and objective trust and estate settlement services are provided by dedicated specialists who work closely with you and your beneficiaries to implement your estate plan.

Depository Services: From FREE Checking* accounts for individuals and small businesses to CDs and money market accounts, we have the products and services you need to manage your day-to-day finances. We also offer the convenience of mobile banking to individuals who value banking on the go.
